

## Emergency Planning and Business Continuity Services

360 Assurance is able to offer expert and comprehensive Emergency Planning and Business Continuity Services, conducted by a highly qualified and experienced Head of Emergency Planning, Business Continuity and Operational Assurance.

Richard Melanaphy has recently retired from a 32 year career in the Fire and Rescue Service, with 10 years serving as Head of Fire Protection/Head of Emergency Planning, Business Continuity and Operational Assurance for Nottinghamshire Fire and Rescue Service responsible for Emergency Planning, resilience and Business Continuity.

### Areas of Expertise

- Running/Supporting Emergency Planning/Disaster Recovery Events
- Development of Emergency Plans/Business Continuity Plans
- Multi-agency liaison
- Training for Emergency Planning/Business Continuity Leads

Richard became a member of the Institution of Fire Engineers in 1990. Since then he has completed numerous training, qualifications and accreditations, the most relevant of which for this service include:

- Starting Out in Civil Protection (Emergency Planning College) 2012
- Introduction to CBRN (Chemical, Biological, Radiological and Nuclear) (Emergency Planning College) 2012
- Developing and Maintaining Your BCM Programme (Emergency Planning College) 2013
- Business Continuity and Risk Management (Emergency Planning College) 2015
- Media and Communications Strategies for Effective Emergency Response (Emergency Planning College) 2015

### Offer

We can support a one-of emergency plan test event or tailor a package to meet your needs and provide assurance that the risk of disruption to your business is mitigated appropriately to keep your patients, visitors, staff, contractors and volunteers safe and services operational.

This service can form part of a package with other services offered by 360 Assurance:

- Fire Risk Assessment Services
- Health & Safety Risk Assessment Services
- Security Management Services
