

## Health & Safety Risk Assessment Services

360 Assurance is able to offer expert and comprehensive Health & Safety Risk Assessment Services, conducted by a highly qualified and experienced Head of Fire Protection.

Richard Melanaphy has recently retired from a 32 year career in the Fire and Rescue Service, with 10 years serving as Head of Fire Protection/Head of Emergency Planning, Business Continuity and Operational Assurance for Nottinghamshire Fire and Rescue Service.

### Areas of Expertise

- Health & Safety risk assessment
- Risk assessor training
- Production of health & safety policies and procedures
- Health & Safety audit
- Review of the methodologies and approaches used by an organisation in their completion of Health & Safety audits.
- Independent safety incident investigation

Richard became a member of the Institution of Fire Engineers in 1990. Since then he has completed numerous training, qualifications and accreditations, the most relevant of which for this service include:

- NEBOSH Certificate – Health, safety, welfare 1995
- Training, Assessment, Quality Assurance Practitioner (TAQA Assessor) (EDEXCEL) 2013
- BTEC Level 7 Investigative Practice 2013
- Internal Quality Assurance Practitioner (IQAP Verifier) (EDEXCEL) 2015

### Offer

We can provide one off health and safety risk assessments or tailor a package to meet your needs and provide assurance that the risk of health and safety incidents is mitigated appropriately to keep your patients, visitors, staff, contractors and volunteers safe.

This service can form part of a package with other services offered by 360 Assurance:

- Fire Risk Assessment Services
- Emergency Planning & Business Continuity
- Security Management Services
