

Qualifications/Training: CIPFA; Certified Information Systems Auditor; PRINCE2 Foundation/ Practitioner; Certified Ethical Hacker; HealthCare Information Security and Privacy Practitioner; Certified Arbutus Analytics Professional

Professional Body: CIPFA; CISA

Years in NHS: 8

Years in Internal and External Audit: 27

Andy has 27 years' public sector audit experience, including both internal and external audit. An accountant by background, Andy is a member of CIPFA, but in recent years has focused on IT audit.

Andy trained with Derbyshire County Council, working in a number of finance roles before moving to external audit at the (then) District Audit Service. He spent 15 years at District Audit/ The Audit Commission, carrying out external audits across a number of Counties, working as a project manager, and latterly working within the Corporate Professional Standards Team.

Andy oversees the Information Management & Technology, and Performance Information workstreams across 360 Assurance clients.
