

Qualifications/Training: BSc (Hons.) Prosthetics and Orthotics, PGC Healthcare Leadership (Mary Seacole)

Professional Body: HCPC

Years in NHS: 25

Sarah has worked directly for the NHS, within the private sector providing contracted clinical services to the NHS and within the charity sector as the Head of Allied Health Professionals at St Luke's Hospice in Sheffield.

Throughout her career she has progressed from providing hands on clinical care to being the National Clinical Lead for Orthotics, supporting the delivery of superior clinical outcomes for patients, the effective management of risk, and ensuring robust arrangements were in place to meet controls assurance for clinical governance standards.

Sarah has positively supported training and education within orthotics as a training officer for undergraduate students and delivered training to both community and hospital based multi-disciplinary teams.

She joined 360 Assurance in July 2023 as a Clinical Quality Manager and is keen to use her knowledge and skills to improve the quality of patient care.
